As we get ready for Thanksgiving, we would like to give thanks to the many students and families that have donated thus far to our Annual Giving and Wonder of Reading Library fund.

Our remaining goal for the library is \$50,000. There are 471 students at CDA, if the families of the remaining 366 students donated \$137 each, we would reach our goal. We realize some families cannot afford to give \$137 and others can afford to give more. The economic climate is very challenging for all of us. It is times like these that the time to come together for our children's future is more important than ever. Please contribute whatever you are able. Our goal is 100% family participation, as 100% of our children will benefit from this wonderful library.

Listed below are some of the highlights of The WONDER OF READING Library:

- *Literary Collection specifically tailored to our children's educational needs
- *Computer center where students can do research and learn practical skills
- *Resources for homework and projects
- *Opportunities for parental involvement
- *Visits from renowned authors
- *Opportunities for after school enrichment programs

Instilling the love of reading is a gift that gives our children tremendous educational advantages and personal fulfillment. Remember our goal is 100% participation, so give whatever you can, but please give.

Dear Families of Coeur
d'Alene:
